INTRODUCTION

A Psyker is a perpetual Student of the Occult Mysteries and wielder of all the powers found in all magickal systems. Psykers utilize Elements to interface with Phenomenal Reality. An accomplished Psyker has their own Corporeal Dimension, can travel the various Planes of Reality (collectively known as the Metaverse) and is accomplished in many Magickal Systems.

To a Psyker, the very fundamental Laws of Nature can be manipulated with the power of Will. Indeed, Psykers are cognizant of the fact that the very Universe they dwell within was created with the Power of Will. Whereas others may contend this is impossible, Psykers have perceived that this is so. This Perception is that of Truth. A Psyker does not believe with heart or reason of mind, but is capable of Gleaning the Element of Truth and ascertaining what is Fact and Fiction.

SOURCE

Source Existence, Prime, is Multiplicity in One. It is the consciousness of Cause-less Cause. This one Power thrilling throughout the Metaverse is accessible to all and is the Source of all Energy in the Metaverse. Indeed, it is the source **of all things** in the Metaverse.

Every Psyking, every Psionic Action, every Magickal Spell, requires Fuel for it to have a Proper Motion in Mordim. This fuel, Psy, is acquired by Will alone (it is also known as Quintessence in other Magickal systems). Although Incantations, Gestures and other kin rituals may tap into this endless reserve of Energy, of Source, Will is the means in which the Psyker acquires, stores and uses Psy.

To tap into this Source of Endless Energy, realize the Plane of Limitless Energy is all around you and beyond. It is personally yours. It exists invisibly, in parallel.

MORDIM

Pronounced Moor deem, Mo'or deem, Moor dim, or, Mo'or dim, Mordim is the Sphere of Reality in which many Sentient Beings live out their Existence. Mordim is not only the Sphere of Reality, but also the Tao, the Kether Sefirah or the Prime Sphere **in action**.

Whereas the Prime Sphere is that of all Elements which are **in Potential**, Mordim is that of existent Elements **in action**. Every Element, unless residing within the Domain of Inactivity, or Archetype, plays out in Mordim. If an Element exists in the Domain of Inactivity, or Archetype, it can be found within the Prime Sphere.

To attain to understanding of Mordim, focus on Prime (also known as Ascension Meditation—covered later in this Journal). Note that focusing on Prime does everything in a Time-frame unique to each Psyker.

SHA GHADEL

Ghadels are Sacred, Mystic Fires that Burn with Radiance from the First of the Infinite Spheres: Prime, the Source. Once the Sha Ghadel is Invoked, it will Forever Burn from the Being. It is, in essence, the Power of the Avatar, working its way from Prime to Mordim by way of the Infinite Channels. Thus, the Sha Ghadel is purging the body of everything Bad, everything which is the Element of Ruin. As the Ghadel burns, it will do all, but not limited to: Purify the Chakras, Nadis, Sephers, Paths, Gates, Physical Body (Disease and Illness), purify the numerous Psychic Bodies, strengthen the Will of the Psyker, strengthen the Psychic Bodies, expand the Consciousness, awaken the Kundalini, awaken the Psychic Centers and bring them into Harmony with each other, strengthen the Expressions of the Infinite Spheres, evolve the Psyker into a Quantum Being. Indeed, the Sha Ghadel will do much more. A Psyker can Add,

Infinitely, to the Sha Ghadel and have it do whatever the Psyker wants it to do. Visualizing the Sha Ghadel is not necessary (unless it helps one Focus). Does one need to Visualize a Flame burning from a Lighter for it to work? No. Simply focus the Ghadel into existence from the dormancy of your Immortal Soul and it will begin to burn whether you are aware of it or not. The color of the Ghadel is a combination of all Known and Unknown Colors.

RUIN

Ruin is that Element which has Suffused **Mordim** to a Horrendous Degree. Of the Earth Plane in which I live, Ruin manifests as poverty, homelessness, wild aggression and all manner of illnesses, diseases, et cetera. To abolish Ruin, simply use your Will. It will take days, months or years dependant upon your personal circumstances as everyone is unique and different. For example, it might take one a few hours of Meditation to rid oneself of a Cancer whereas it might take another many months or years. Again, everyone is unique and circumstances vary. For example, ones Illness could be reoccurring because of a persistent stream of Wicked Will from a Wicked God or Wicked Psyker.

Ruin is not only affecting your life but the lives of everyone around you. Even the Divine works day by day to abolish Ruin from the Metaverse.

HOLY

Holy is that Element which has its Eternal Existence within Prime, the Source. Holy, when Invoked, brings endless Bliss, Peace, Harmony and Love. Once invoked, Holy will continually and persistently begin the Process of Suffusing Mordim with Divine Light and Healing Energy to abolish the wicked Element Ruin.

When a Psyker abolishes Ruin, s/he/it is also calling the Element of Holy into play. Holy is under the jurisdiction of the Godhead, which is in turn under the dominion of God or Prime. Abolish Ruin and perfect Mordim. This will Perfect ones life, if there is enough Time.

Remember that wielding Elements takes time. Unless, of course, you are an Exception to the Rule. I know some who have abolished Ruin from their being completely in a matter of days, whereas others took years to do so.

LEGION

It is important to Understand all constituents of the Legion Arcana (Arioth Legion). Bring your servitors into Completion (see Root of Fire Arcana), their power into Completion and their purpose into Completion. This will in turn affect every single aspect of your life. Let your Servitors be reflections of the Avatar in Knowledge, Power, Action and All Elements in Concert.

See Ritual Legion for a means of creating your Eternal Hierarchy. Keyword **Psyker** on the Archon Metanet.

Do not forget to invoke Legion beyond the Unconcealed Emanations.

MEDITATION

It is important to Understand all constituents of Meditation is a key to endless Evolution, Heightened Awareness and Power. I will teach Meditation on Source here, that as practiced by Acolytes of the Sacred Name of the Order of Prime.

Ascension Meditation is Meditation on Source. It is accomplished by focusing on a basketball sized Orb of Brilliance posited several inches above the Cranium. There is no need to Express the Visual Mind, unless it helps. Instead, simply focus. Within months of daily Meditation, one will begin the gradual attainment to the first of infinite Spheres: Prime, the Alpha and the Omega. When you truly get there, you will know it for what it is.
